

Input = 0

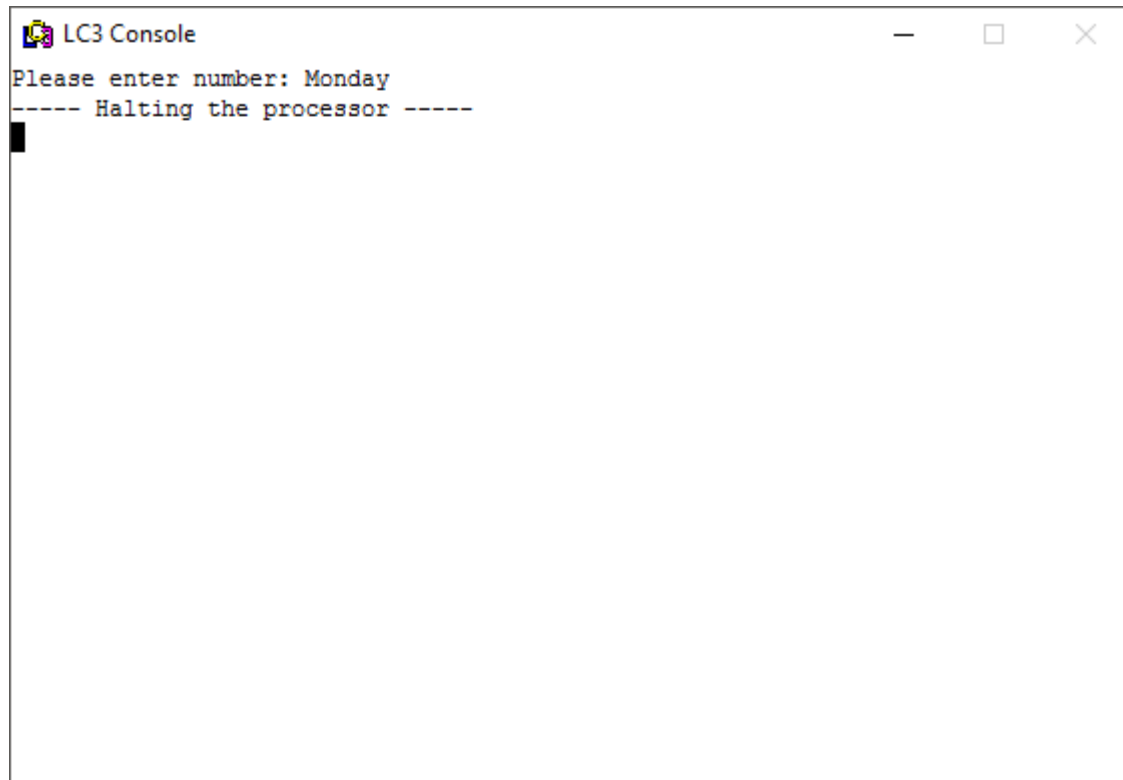

The screenshot shows a window titled "LC3 Console" with a standard Windows-style title bar (minimize, maximize, close buttons). The text inside the window is as follows:

```
LC3 Console
Please enter number: Sunday
----- Halting the processor -----
```

A black cursor is visible on the line following the "Halting the processor" message.

Input = 1

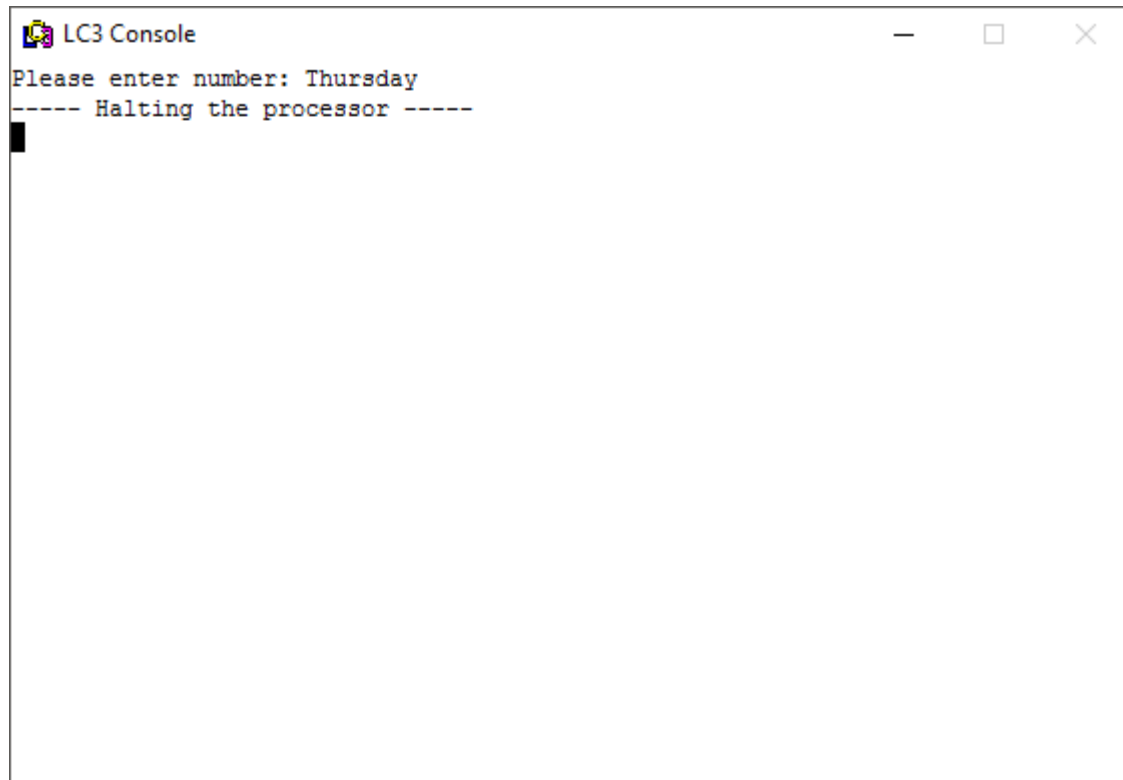

LC3 Console

Please enter number: Monday

----- Halting the processor -----

The image shows a screenshot of a terminal window titled "LC3 Console". The window has a standard macOS-style title bar with a red close button, a yellow maximize button, and a green minimize button. The text inside the window shows a prompt "Please enter number:" followed by the user input "Monday". Below this, the text "----- Halting the processor -----" is displayed, indicating the program has reached a halt state. A black cursor is visible on the line following the halt message.

Input = 4

```
LC3 Console
Please enter number: Thursday
----- Halting the processor -----
```

The image shows a screenshot of a window titled "LC3 Console". The window has a standard macOS-style title bar with a red close button, a yellow maximize button, and a green minimize button. The text inside the window is as follows: "Please enter number: Thursday" on the first line, and "----- Halting the processor -----" on the second line. A black cursor is visible on the third line, positioned at the beginning.
